Free pdf download for pantalones cortos lara rios. Cortos - short. Rios - streams, rivers. It means that these shorts are closed at the knee or above, unlike traditional pants that drag on the ground. They're often very flared at their waist and draw attention to your legs, making them perfect for sultry nightwear for women who like things a little risqué;) For men they look great in a casual poplin shirt in a quirky colour with some red or blue accents in case you want to dress up a little bit with some smart trousers. Do you need some inspiration? Check out our pretty amazing catalogue of bottoms and skirts. Here's a CZ Library Library to download free for all reader. It is the other name of the Lara Short, pants with a casual flare and flattering cut above the knee. The pants are similar to other shorts in design but the main difference is the addition of cute zips down both sides. This allows you to put them on very easily so they are perfect look. Choose your colour, print and fastenings. For women, these pants are an excellent choice for everyday wear; for men they look great in a casual poplin shirt in a quirky colour with some red or blue accents in case you want to dress up a little bit with some smart trousers.
